WOMAN'S BODY
FOUND; DIED OF
SUFFOCATION,
CORONER SAYS

The body of Mrs. Kathryn Elizabeth Shuey, 44, wife of William E. Shuey, Hummelstown, was found about 4 o'clock Wednesday afternoon in an auto trailer at West Gettysburg inn.

Dr. C. G. Crist, county coroner, said the death was suicide caused by suffocation. He said death occurred about 2:30 o'clock Wednesday afternoon within five minutes after she had knotted a woman's shirt waist tightly around her throat.

Detective George Funk, of the state police of Harrisburg; State Policeman James Knipple, Harrisburg, a fingerprint specialist and photographer, joined the coroner and local state police in the investigation of the case.

Had Been In Florida

Mr. and Mrs. Shuey, natives of Hummelstown, had resided near Gettysburg along the Chambersburg road at the Knoxlyn intersection for about two years. Mrs. Shuey became ill, and according to her husband, had made several attempts upon her life. She was removed to the Warner hospital for treatment following an attempt at suicide several months ago.

The Shueys sold their house, Lincolnway west, and purchased a trailer, hoping that a trip to Florida would improve Mrs. Shuey's health. They were there about six weeks, but finding that Mrs. Shuey's condition was not improving they drove back to Gettysburg, arriving Monday, and resided in the trailer behind the West Gettysburg inn. They had planned to continue on to Hummelstown to the home of Mrs. Shuey's sister Wednesday night.

Planning to have a water pump in his car repaired, Shuey told police he asked Mrs. Shuey to accompany him to town Wednesday afternoon. He said she told him she had some work to do about the trailer and assured him that she was "all right."

Husband Returns

He left about 2 o'clock in the afternoon for the Hankey and Plank garage. Some time after he left an employee at the inn saw Mrs. Shuey walking toward the inn, holding her hands tightly against her head.

Finding that the work on his car was taking longer than he had expected, Shuey asked an employee of the garage, William Rider, to drive him out to the trailer about 4 o'clock. They found the doors of the trailer locked, and Shuey peered into a window, finding his wife lying across the bed. His keys to the trailer were in his car at the garage, and he had Rider return him for the keys. At the garage he called Doctor John J. Knox, who had previously treated Mrs. Shuey, and then returned with Rider to the trailer.

After unlocking the outer door, he found the screen door inside also locked and had to remove a piece of flooring to unlatch the screen door.

Body Found On Bed

He and Rider found Mrs. Shuey sprawled across the bed.

A pool of blood was at the foot of the bed and blood was on the door of a bathroom. It is believed that she fainted and cut her chin and the inside of her mouth; then regaining consciousness, attempted to get into the bathroom and finally collapsed across the bed.

A native of Hummelstown, she is survived by her husband, a retired former government worker, three sisters, Mrs. Esther Hughes, Grantville R. 1; Mrs. Stella Reagle, Hummelstown; and Mrs. Violet McClurg, Hagerstown, and a brother, George Walters, Chamber Hill, Pa. She was a daughter of the late George and Minnie Green Walters, of Hummelstown.

Funeral arrangements are incomplete.

McSherrystown Man
Is District Deputy

Bernard I. Noel, McSherrystown, has been appointed district deputy of the Thirty-First district of the Knights of Columbus. It was announced Wednesday. The district includes councils in Waynesboro, Chambersburg, Gettysburg, Hanover and McSherrystown.

The appointment was made by Leo E. Gribbin, Shamokin, who was elected state deputy at the state convention of the Knights of Columbus in Easton, recently.

Mr. Noel has been active in the order since joining in 1918. He is a past grand knight of McSherrystown Council, 2551, having served in that capacity for eight years. He succeeds Lawrence Nessel, Chambersburg, as district deputy.

LOCAL GROCERS
START TO LIMIT
SALES OF SUGAR

Gettysburg is experiencing a mild sort of war hysteria in the demands being made for sugar, local merchants reported today.

Nearly all stores contacted reported that they have been running out of sugar frequently over the past several weeks because of unusual demand.

One store reported selling five tons of sugar in one week, noting that "we just aren't set up to handle that much sugar in the ordinary course of business."

Some Limiting Sales

In order to keep stocks of sugar on hand, most stores have been limiting their sales to the customers, to five or ten pounds per buyer, and they report that demand is still greater than supply.

They noted that there seems to be more than enough sugar on hand in national stocks, but the heavy demand has depleted the supply in most stores before the next regular delivery of sugar from wholesalers.

Most merchants were also sure that a lot of their customers will be having a difficult time, one of these (Please Turn to Page 5)

MANY BUILDING
PERMITS ISSUED

Building permits totaling \$23,745 have been issued recently by Burgess William G. Weaver. Among them are two permits for repairs to buildings damaged fire.

The firm of Hill and Sanders have been granted a permit to repair the Cann home on Highland Park. John Hartman received a permit for repairs to a house at Baltimore street and Wade avenue, reported to be the home of Jennie Wade. Work on this building is nearing completion.

Repairs to the Cann home are estimated to cost \$4,000 and to the Hartman property, \$695.

Other permits have been issued as follows:

Mrs. John R. Plank
Expires In Steelton

Mrs. Blanche E. Plank, 67, widow of Dr. John R. Plank, died early today at her home, 231 North Front street, Steelton.

Mrs. Plank was born in Adams county, a daughter of the late Lewis B. and Mary (Trotter) Walter. Her husband, a physician in Steelton for 34 years and a graduate of Gettysburg college, died last April 6.

A number of nephews and nieces survive.

Funeral services Sunday at 1 p.m., from the Wilt and Sharon funeral home, 112 North Harrisburg street, Steelton, conducted by the Rev. W. Edward McHale, pastor of St. John's Lutheran church, Steelton. Interment in Evergreen cemetery here. Friends may call at the funeral home Saturday evening after 7 o'clock.

THIRD OF ADAMS
CHILDREN HAVE
HEALTH DEFECTS

Approximately one-third of the students medically examined in Adams county during the past school year were found to have some remediable defect, according to a report presented to the county medical examiner, Dr. C. G. Crist.

The report was tabulated by the state Department of Health from reports turned in by the doctors carrying out the medical examination in the various schools of the county other than Gettysburg.

Of 3,653 pupils examined 1,155 were found to have remediable defects. Diseased tonsils were the most prevalent difficulty, with 836 found to have at least some disease of the tonsils. Two hundred and seventy were found to have visual defects and 124 were recorded as having heart defects.

20 Undernourished

Nose and throat troubles totaled 19; pulmonary defects, 11; abdominal defects, 23; contagious skin lesions, eight; eye disease or infections, 14; ear defects, six.

One hundred and three were found to have 20-20 vision when they wore glasses and 30 were found to need refraction checks.

Twenty children were found to be suffering from poor nutrition.

Large numbers were found to have had complete immunization programs carried out previously for them. While only 87 had had "shots" to prevent scarlet fever, 1,770 had had diphtheria "shots," 765 had been immunized for whooping cough and 105 for typhoid fever.

COUNCIL VOTES
FOR AMUSEMENT
TAX ORDINANCE

Littlestown borough council at its monthly meeting Tuesday evening in the office of the secretary, Roger J. Keeler, voted 4 to 2 in favor of an amusement tax ordinance. A vote several months ago resulted in a 3-3 tie, broken by Burgess Hershey J. Motter, who opposed the ordinance.

Considerable discussion arose with the revival of the question and the legality of a secret ballot was raised. Solicitor Daniel E. Teeter ruled that a secret ballot could be taken on any matter, when there was no rule to the contrary since those opposed to a secret ballot still could make known their vote verbally. There was one dissenting voice on the motion to vote by secret ballot.

CPL. R. E. SMALL
IS "MISSING"

The nephew of a Gettysburg man, Walter Small, Carlisle street, pressman at The Gettysburg Times, is one of the three Maryland men reported missing in action in Korea.

Cpl. Richard E. Small, 21, son of Mr. and Mrs. Norman F. Small, Baltimore, is missing, the army said. Small's father is a brother of Walter Small.

Cpl. Small served in the Pacific area for two years in the navy and re-enlisted in the army in June, 1948, after a year at home, requesting duty in Japan. He was a chief gunner.

Hopes were expressed by the family that Cpl. Small would be found, based on dispatches that others missing in action had returned to their outfits.

Small's father is employed at the Sparrows Point shipyard. A brother, Norman F. Small, Jr., also served in the navy and now lives in Baltimore.

Cub Scouts Enjoy
Picnic Wednesday

The Cub Scouts of St. James Lutheran church and their parents took part in a covered dish supper Wednesday evening at Sheffer's park. Baseball and other games were played by the scouts under direction of Cubmaster Harmon Furney.

Wednesday the scouts will take part in a trip to Washington, D. C., leaving St. James church here at 7:30 o'clock in the morning. All scouts taking part in the trip were asked today to bring with them box lunches. Mrs. Fred Vial, Mrs. Carl Prosser and Mrs. James Reaver, the Den mothers, Cubmaster Furney and the den chiefs are scheduled to accompany the scouts on the trip.

OUTDOOR SCENE
SHOT TODAY AT
ARENDSVILLE

The Cathedral Films corporation cast filming the motion picture "For Good or Evil," under sponsorship of the United Lutheran church, moved to the out-of-doors this morning at Arendtsville.

The camera was set up in the driveway between the S. A. Skinner and Elias Hoffman homes and depicted the "pastor" making a call on his parishioners. According to the scene a young wife is doing a poor job of painting a table and the pastor demonstrates how painting should be done and illustrates a point in their conversation at the same time.

When the driveway scene was completed, the camera crew and actors moved to the Sunday school room of the Arendtsville Lutheran church where a portion was outfitted to represent the pastor's study for scenes between the pastor and his wife.

Will Film Council

This afternoon, in the same Sunday school room, the crew plans to take a scene showing the church council in action. Among the council members scheduled for the scene were Walter Frederick, Clarence Oyler, Charles Bushey, J. Blaine Bushey, Ernest D. Bushman and Dr. Raymond Hale.

The part of the pastor in the production is being played by Michael Whalen. Gene O'Donnell has the part of "Dr. Spencer" in the film and Guy Wallace is portraying the part of "Norm Harper," the banker. The entire film is designed to show the Christian use of money.

One of the big scenes scheduled for the production is a wedding ceremony to be "shot" in the Lutheran church at Arendtsville, with the entire congregation present.

The camera crew plans to complete the "shooting" by Monday.

CHECK TRUCK SPEEDS

Police today began checking the speed of trucks on East Lincoln avenue, following several complaints from residents of this street Wednesday that out-of-town vehicles carrying heavy loads of stone were driving over the street at high rates of speed.

SHRUBBERY ON
W. BROADWAY
MAY BE RAZED

A proposal to cut the shrubbery in the islands between the east and west roadways on West Broadway is under consideration, and is likely to be presented to the borough council at its next meeting.

Authorities said that the shrubbery has grown to the point that it shuts off the view of other cars to motorists making turns at the ends of the islands, or center plots. The matter was brought to a head by a recent accident.

Residents said the islands which separate the two driveways were plotted when this section of the town was laid out by a development company. The full width is the same as East Broadway, which has no center plots.

May Ban Parking

There was originally and for many years thereafter a Broadway "association" of property owners who contributed each year to the upkeep of these center plots. More recently it has been up to each property owner to take care of the section immediately in front of his property.

Cutting back of the shrubbery to a point where a clear view would be afforded motorists is also contemplated, rather than removal of the center plots, it is said.

Borough police authorities said today that there is also under consideration a plan to ban parking on West Broadway, because of the narrowness of the roadway.

Woman's Leg Broken
When Car Hits Tree

Mrs. Anna Perchick, 46, of Washington, D.C., suffered a fractured left leg at 2:30 o'clock Wednesday afternoon, and her daughter, Lynn, 15, a laceration of the head, when Mrs. Perchick lost control of her automobile just north of Weaner's Dairy on the Harrisburg road and crashed into a tree.

State police of the Gettysburg substation said Mrs. Perchick was driving north and ran off the highway on the right side. Police said all four wheels were off the traveled portion of the highway. In attempting to get back on the highway, the car ran across to the left side of the road, and struck the tree.

Mrs. Perchick and her daughter were brought to the Warner hospital in the ambulance. Damage to the automobile was estimated at \$1,000.

Plan Hat Show At
"Rec" Park Friday

Gettysburg youngsters Friday evening will resurrect their Halloween costumes, add some additional touches, and then take part in a "dress-up and hat show" to be held at the Recreation Park, Breckenridge street.

Judging of the costumes and hats will take place at 7:45 o'clock Friday evening, Donald Joseph, recreation director, announced today.

Betsy Blocher and Luther Sachs, the playground directors, will be in charge of the events, with Mrs. Robert Ditchburn and Mrs. Evelyn Fair as judges.

Prizes will be awarded to the most unusual hat, the largest hat, the smallest hat and the most colorful hat. In the "dress-up" contest the awards will be made for the most unusual, most colorful, most comical and cutest.

CLUBMEN MEET

Twenty-six committee chairmen of the Gettysburg Rotary club met Wednesday evening at the YWCA for a "Club assembly" at which the chairmen discussed plans for activities to be carried out by the committees during the coming year. President Kenneth L. Smoke presided at the meeting.

SCHEDULE FOR
BUS DRIVERS'
EXAMS GIVEN

A schedule of dates on which school bus drivers will be given a driving test under the new state law was announced today by County Superintendent of Schools J. Floyd Slaybaugh.

The test is mandatory under the new school bus law, Slaybaugh noted, and the test will be given the drivers under direction of Cpl. C. W. Achenbach of the Chambersburg substation of the Pennsylvania State police.

The bus drivers will report on the date set for them at the state Highway department building on the Fairfield road, one mile west of here. Only deviations from the schedule permitted will be those authorized by Corporal Achenbach, Slaybaugh said. Physical examinations are to be arranged by the bus driver himself, or by the supervising principal of the jointure employing the bus driver, and the physical tests should be taken before the driver's examination.

To Examine Subs Too

Slaybaugh also pointed out that the substitute drivers are to report for examination along with the regular drivers on the particular day scheduled for the district in which the substitute drivers will serve.

The examination schedule, according to jointure or township, is as follows: August 1, 9 a.m. to 11 a.m., Conewago jointure and Franklin township; August 1, 1 to 3 p.m., Fairfield jointure; August 8, 9 a.m. to 11 a.m., Gettysburg jointure; August 8, 1 to 3 p.m., Littlestown jointure and Conewago township; August 15, 9 a.m. to 11 a.m., Lower Adams and North Adams jointures; August 15, 1 to 3 p.m., Upper Adams jointure.

Further information can be obtained by calling the state police office here, Gettysburg 221. Slaybaugh said.

BIGLER WOMEN
TO MEET AGAIN

Committees on arrangements for the next "get-together" of the women of Biglerville and surrounding community were announced today by the publicity committee.

The Biglerville women's program, to be held August 9 in the Biglerville community hall at 8 o'clock in the evening, will be the second such event held since a "town hall" meeting in the borough disclosed the desire of the women for such events.

On the program committee are Mrs. Orville Faust, Miss Clara Myers, Mrs. Richard Fink, Mrs. W. K. Enck, Mrs. Clarence Seeman, Mrs. Frank Hewittson and Mrs. Robert Burkhardt.

Members of the refreshment committee include Mrs. Earl Carey, Miss Aline Tipton, Mary Catherine Fidler, Mrs. Dale Lawver, Mrs. Paul Dugan, Mrs. William Lerew, Mrs. Leslie Cecil, Mrs. Harold Smallwood, Mrs. Cecil Snyder, Mrs. Isiah Lupp and Mrs. A. L. Leinart.

Here And There
News Collected At Random

The next two months is the time of year when infantile paralysis reaches its peak of incidence. . . a time to take a few sensible precautions and to avoid unnecessary alarm.

There are four basic rules . . . simple safeguards . . . which are pretty sound for children and adults to follow under any conditions but which take on new values during the summer and early fall months. They are:

AVOID NEW GROUPS.
DON'T GET OVERTHEAT.
DON'T GET CHILLED.
KEEP CLEAN.

The National Foundation for Infantile Paralysis recommends that children play with their own friends and keep away from others they have not been with regularly.

Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes.

SAYS RUSSIA IS VULNERABLE

London, July 27 (AP)—Winston Churchill declared today planes from present U. S. bases in England could atom bomb "Russian cities and key points" in a third world war.

But he said Russia could sweep to the English channel and "bring us under air bombardment, apart from the atomic bomb, far worse than we have ever endured."

Churchill led off for the Conservatives on the final day of a two-day defense debate after failing by a single vote to force the House of Commons into secret session.

The vote against the motion to clear the galleries was 296 to 295. The Labor government has an overall majority of seven, but was nearly defeated because of an abstention and several absences.

Citing what he said were U. S. estimates, Churchill asserted the Russians may have 40,000 tanks. He demanded that the Labor government let the House know "the number of Soviet tanks now assembled on or near the western front."

The Conservative leader said the Western Allies have no present force to cope with the "array of armored avalanches" Russia would unleash in Europe if war breaks out.

BULLETINS

Washington, July 27 (AP)—President Truman said today he is not now considering use of the atomic bomb in the Korean war.

Mr. Truman made this statement at a news conference. He had been reminded by a reporter that he once said he would not hesitate to use the atom bomb again if it became necessary to assure world peace.

He said he still hopes reverently for world peace.

Washington, July 27 (AP)—President Truman said today he sees no necessity now for wage, price and manpower controls.

He told a news conference that if they come they will come together as part of all-out mobilization. He hopes we will not have all-out mobilization, he added.

Mr. Truman's comments came in response to questions about the proposal from Bernard M. Baruch for an immediate "ceiling on everything."

Washington, July 27 (AP)—A proposal to freeze all prices and wages, and to authorize rationing was defeated in the House Banking committee today by one vote, 10 to 9.

Washington, July 27 (AP)—The government today announced it will organize a 12-man national policy committee, from agriculture, industry, labor and the public, to consult on war mobilization policy.

W. Stuart Symington, chairman of the National Security Resources Board (NSRB), said his agency is organizing the advisory group.

Taipei, Formosa, July 27 (AP)—The defense ministry said about 500 Chinese Communists today landed on tiny Taitan island, two miles off Amoy, but the invaders were either killed or captured by Nationalist defenders.

Red held Amoy has been considered the takeoff point for an invasion against Quemoy island, a key point in the Nationalist blockade of the mainland.

Transport Plane Crashes In Sea

Tokyo, July 27 (AP)—A C-47 military transport plane with 26 persons aboard — believed to include four war correspondents — plunged into the sea today 10 miles south of Japan's Oshima Island.

General MacArthur's headquarters announcement of the ditching said one survivor was picked up and others are being sought.

The four war correspondents left the Tokyo correspondents club for Korea early Thursday. They were identified in an unofficial list as: James O. Supple, Chicago Sun-Times; Maximilian Philonenko, Agency France Press; Stephen Simmons, Hilton Press and London Picture Post; and Albert Hinton, who represented the Norfolk Journal and several other negro newspapers.

The plane was a regular courier plane bound for Kyushu.

It left Haneda airport at 4:05 a.m. (1:05 p.m. Wednesday EST).

There were 23 passengers and three crewmen on board.

Headquarters said the Third Air Rescue squadron has been alerted for a search.

Weddings

Schwartz-Gochenour

Miss Dolores Lucille Gochenour, younger daughter of Mr. and Mrs. Clarence E. Gochenour, East Berlin, was married to Gene Stanley Schwartz, foster son of Mr. and Mrs. Roy H. Mummert, York R. 6, formerly of East Berlin, at a double ring ceremony performed at Westminster, Sunday, July 16.

The bride graduated from East Berlin high school in 1947, and the bridegroom, who served in the navy during World War II, completed his education at the same high school as a GI after his discharge.

The couple is spending some time at the home of the bride's parents.

Higgins-Tilton

John V. Higgins, son of Mr. and Mrs. Victor John Higgins, Woodbourne, N. Y., and Miss Ann Charles Tilton, daughter of Major and Mrs. Charles B. Tilton, Flora Dale, were married in Buchanan Valley last Thursday by the Rev. Fr. Louis J. Yeager, rector of St. Ignatius Loyola Catholic church. The ceremony was witnessed by the immediate families.

A sister of the bride, Mrs. Gerald R. Walmer, State College, was the matron of honor and Joseph Higgins, brother of the bridegroom, was the best man.

The couple is honeymooning in the Catskills and will spend the remainder of the summer in Woodbourne.

Fairfield Closes Cold Spring School

The Fairfield joint school board today announced that the Cold Springs school, near Mont Alto, has been closed and that the students from the Cold Springs area will be transported to the Orrtanna and Fairfield schools starting this fall.

Members of the board will meet at the Fairfield school August 3 to receive bids from bus operators for transportation of the 22 children in the Cold Springs area to the school.

Roscoe Dillman, teacher at the school for many years, has retired, the board announced. The Cold Springs school once had as high as 80 pupils, and has been in existence possibly a century. Present County Superintendent of Schools J. Floyd Slaybaugh taught at the school 40 years ago.

line that swings northeastward of Yongdong.

To the east in the 200 mile battle-front arc South Koreans attacked the Reds. At Hanchang they drove forward seven miles aided by American planes. On the east coast they advanced on Yongdok with land artillery and naval guns supporting them.

KO Enemy Tanks

Between the planes and South Koreans using bazookas, six enemy tanks were knocked out in the hot action, which may be the prelude to what appears to be the biggest battle of the Korean war.

A curtain of U.S. artillery fire met the attacking Reds, who aimed their attack at vital supply lines on the road to Pusan, U.S. supply port on the southeast coast 90 miles from Yongdong.

A Communist radio broadcast from Pyongyang, capital of North Korea, claimed a U.S. warship was sunk off Yosu, in southern Korea, by coastal batteries. The radio said the Reds captured Yosu and Suncheon on the south coast inflicting more casualties on the defenders of the two cities.

MacArthur Statement
At a conference with his top generals in Korea, General MacArthur, the United Nations commander, discussed the looming battle situation.

"That we will have new heartaches and new setbacks is inherent in the situation," he said, "but I was never more confident of victory — ultimate victory — in my life than I am now."

Three North Korean columns, backed by a Red manpower reservoir of the two divisions, pushed toward the new defense positions taken by the U.S. First Cavalry division near Yongdong. That city is a key point on the highway and rail lines running to the front from the main Allied supply port of Pusan, 95 air miles southeast.

American artillery hurled murderous fire at the advancing Reds, U.S. Shooting Star jets and Mustang fighters raked the columns with rockets and machine guns.

News Briefs

Dayton, Ohio, July 27 (AP)—The air force today asked 23 plants to cancel vacation plans so their employees could concentrate on producing equipment needed to aid the Korean fighting. The request came from the directorate of procurement and industrial planning at Air Materiel command headquarters at Wright-Patterson Air Force base here.

New York, July 27 (AP)—A missile — described by the CIO American Newspaper Guild as freerackers and by management of the New York World Telegram and Sun as a home-made incendiary device — exploded outside the struck afternoon newspaper plant today.

Part of the plant on West street was smoke-filled but no one was injured. Members of the guild have been on strike over wages and other contract benefits since June 13.

Washington, July 27 (AP)—President Truman's \$5,000,000,000 tax hike proposal is aimed at recouping less than half the \$10,913,000,000-a-year revenue loss the government figured it took on the two big postwar tax cuts.

But it returns the tax course to the upward path followed with few exceptions over the last 20 years and, in general, since the starting days of the republic back in 1789.

Philadelphia, July 27 (AP)—City Treasurer Richardson Dilworth today removed himself from the payroll for a three-months leave of absence in which he will campaign as the Democratic nominee for governor.

The leave of absence will extend from July 31 until November 4. Dilworth took a similar leave without pay last spring to campaign for the nomination. His salary is \$15,000 a year—or about \$3,750 for the three-month period.

COUNCIL VOTES

(Continued from Page 1)

Fox and Vernon C. Reaver was appointed by president John N. Sell to work with Solicitor Teeter in drafting the ordinance and making a study of the amount of tax to be recommended.

To Obtain Waivers

Council voted that waivers or release of damages be obtained from property holders affected by the proposed widening of East Myrtle street, prior to obtaining quit claim deeds, in order that the street can be excavated and filled with surplus from the Lumber street construction.

A correction was made to the minutes of June 27, 1950, relative to the wording of the former action for property holders to make connection to the sanitary sewer system. It was feared by council that a portion of the motion was misleading to the extent that it could be interpreted to mean that only those properties discharging waste on the streets were intended to make connection to the sewer system, while the true intent of the action was that "all property owners who were not already connected to the sewer system, be given a deadline of being hooked thereon not later than January 1, 1951."

Street Commissioner Robert J. Riley was instructed to clean out gutters and side drains throughout the town and to patch the streets wherever the weather permitted or when not engaged in making repairs to the water system.

To Resurface Street

Repairing of Lumber street was discussed at length. Mr. Shoop from John S. Teeter and Sons appeared before council and suggestions were offered to have an estimate on the cost of resurfacing the whole street, which meant cutting down the center, using the same material for the sides and then placing a two-inch bituminous surface over the entire street. After considerable calculating on the various costs of the materials, labor, equipment, etc. it was decided that the borough recondition and re-surface Lumber street, by properly grading and using old material for sides, with a two-inch bituminous surface, from South Queen street, east on Lumber street as far as the budget would permit. This work is to be done by the borough with equipment rented with operators from the Teeter firm.

A request for blocking off Charles street from South Queen street to "M" street, for the Boy Scout festivities during the coming month was granted.

Borough employees will be requested to stack the pipe and fittings, from buildings torn down and removed to the borough's lot on Lumber street, on the borough's own property in a safe manner, rather than move them to the lot in the rear of the Alpha fire house.

Secretary Keefe informed council that the paint for re-painting the stand-pipe had been received, and that arrangements had been made with the stepladder, Hunter Bader, to make an inspection of the interior. He said that it can be painted for \$475 labor cost. The matter was left in the hands of the Water committee.

Permits Issued

Water permits were issued to the following: Paul M. and Olive L. Randall, 121 Lumber street and Roland H. and Jeannette D. Weibley, 417 Prince street.

Building permits were granted the following: Charles A. Hofe, contractor, to excavate and construct a two story, frame, metal roof 16 x 14 feet addition to the rear of two story, frame dwelling for Miss Catherine L. Pfeffer, for apartment purposes, 56-58 West King street; C. Bernard Stuller, 49 Crouse Park to remove and replace composition roof on dwelling; Edward H. Brown, corner North Queen and West King streets, to remove and replace composition slag roof apartment building at 1 West King street; Mrs. Bertie Smith, 114 West King street to paint and repair two story frame dwelling; C. L. Ruffe, West King street, to paint 2½ story frame dwelling 318 South Queen street for Karl G. Spamer; St. Paul's Lutheran church, to excavate and remove shade tree at 107 West King street; Herbert D. Smith, 113 West King street, to paint or repair two story frame dwelling; Henry S. Stover, 201 West King street, to paint or repair two story brick dwelling; and Arthur J. Bedford, 105 North Queen street, to paint two story frame dwelling.

Receipts Reported

Burgess Motter reported receiving fines for overtime parking and illegal parking in the amount of \$34. Secretary Keefe reported receiving fines from F. Loy Lindaman, Justice of the peace, of \$20 for overtime parking and driving too fast for conditions. Other receipts were: Manufacturers Light and Heat company, excavation permit fee of \$2 for repairs to service line on South Queen street; from Cookson Brothers for sewer pipe purchased, \$52.66; and from John N. Sell for junk, \$18.79; total receipts by treasurer, \$127.45.

Bills were ordered paid as follows: B70 fund account, \$1,028.00; Water fund expenditures, \$334.95; Sanitary Sewer fund, \$2,408.85; and Parking Meter fund, \$17.11; total for July, all funds, \$3,987.

The meeting was in charge of the president, John N. Sell. Other council members in attendance were: Walter I. DeGroft, Erwin A. Rebert, Roscoe W. Rittase, Lewis H. Fox and

From where I sit... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me, I'm all for

having a glass of beer or ale on occasion. Your "social beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Lentz Legion at VFW.

The Texas Lunch missed scoring in only the opening inning as it crushed the Elks 12-1 in a softball league game Wednesday evening to increase its first place margin to two and one-half games.

Bartholomew gave up but five hits. The lunchmen pined 17 safeties, Mike Erbio securing four in as many times at bat while Bartholomew aided his own cause with three more.

A home run by Phil Everhart with a Hankey and Ken Fair on base in the seventh inning gave the Bream garagemen a 7-4 victory over the Moose and put last year's titlists into second place. Everhart's drive was a long drive to right center. In the fourth inning Gorman smashed a long drive to left for a homer with a mate aboard.

The Moose pushed over a pair of runs in the fifth and added another in the sixth to tie the count at 4-4 before Everhart rapped his game-winning blow.

SAYS T-V HURTS MINOR LEAGUES

Youngstown, Ohio, July 27 (AP)—A minor league baseball club owner piped a sad song today over the plight of the sport's little brothers.

He is Bill Koval, co-owner of the Youngstown Athletics of the 26-year-old Middle Atlantic league. This is a Class C loop with clubs in Erie, Johnstown, Oil City, New Castle and Butler, Pa., Youngstown, Ohio, and Niagara Falls, N. Y.

An eighth club, Vandergrift, Pa., dropped out of the league a few days ago because it could not meet financial obligations. The club at Uniontown, Pa., which was in the Middle Atlantic league last year, was declared bankrupt this week, showing liabilities of \$13,000 in excess of assets.

Describing the circuit as shaky, Koval declared: "I don't want the fans to get the impression the M-A league is the only loop fighting to stay alive. Almost every minor league in existence faces the same problems. Most of the clubs," he asserted, "are suffering because the majors are having their games telecast at the time we are playing. My home attendance has dropped at least 70 per cent because of it."

"WHITES" GAIN DECISION IN BENEFIT GAME

The "Whites" prevailed over the "Blues" in a benefit all-star game played for the benefit of injured players of the South Penn Baseball league Wednesday evening on the Recreation field, the final score being 9-7. A crowd of several hundred fans attended.

Little, Chambers and Derr, who hurled for Johnny Grindler's victorious team, gave up but five hits to the Blues.

Abe Hankey and Kenny Fair each smashed out a trio of safeties to lead the 11-hit attack of the winners.

The Blues, piloted by Charlie Snyder, rallied in the late innings after trailing from early in the game but lacked the punch to pull the same from the fire.

ZOLDAK SPARKS INDIAN SPURT; PHILLIES WIN

By JACK HAND
(Associated Press Sports Writer)

Sad Sam Zoldak, ticketed for San Diego in May, has pitched Cleveland to within 1½ games of the American league lead with three relief wins in a week.

They actually handed Zoldak carefare to the Pacific Coast league on cut-down day. At the last minute, Hank Greenberg, Tribe general manager, changed his mind. Johnny Berardino, veteran infielder, went to San Diego instead of Sam. Hankus never will be sorry.

Zoldak helped Manager Lou Boudreau's staff all season. But up to last Thursday he had only a 1-1 record. Five brilliant relief innings at Philadelphia, July 20, started him on the way. Saturday night at Washington he picked up another victory, rescuing Early Wynn.

When Mike Garcia was knocked out of the box in the third inning of last night's game with the A's, Zoldak came in. He held Philadelphia to two hits the rest of the way for a 6-2 decision.

4-Way Battle
Cleveland's surge is only one factor of a developing situation that has turned the American league race into a four-club battle. With Detroit's lead sliced to a half game away from the New York Yankees, Cleveland coming strong and the revived Boston Red Sox on the march, anything can happen.

The Red Sox made it two straight over Detroit yesterday, 1-0, on Bobby Doerr's home run and Mel Parnell's five-hit pitching. It was the fifth loss in the last six starts for the Tigers.

Joe DiMaggio, making a late summer comeback, slugged a two-run homer to help the Yanks whip St. Louis, 6-3.

Rookie Ed Ford, knocked out in the sixth after five shutout innings, picked up his second win with Tom Ferrick's help.

Rain postponed the Washington-at-Chicago game in the third inning.

Win On Walks
The Phillies scored six runs in the sixth inning against Chicago to increase their National league lead to 1½ games with a 6-4 win.

Walt Dubiel took a 4-0 edge into the sixth but blew the game with six walks and two hits. Five of the walks were in succession, only one short of the National league record.

Brooklyn clinched the season series with St. Louis, with a 7-5 triumph that made it 12 out of 17 this year.

Stan Musial hit safely in his 30th straight game with a double and single off winner Don Newcombe, who hasn't lost to St. Louis all year. Ralph Branca replaced him after he walked the first batter in the ninth.

Pittsburgh teed off on Vern Bickford and Bob Hogue for 13 hits, including homers by Wally Westlake and Ray Mueller, to thump the Boston Braves, 8-4. All but two of the Pirate runs, and both homers, were off loser Bickford, who had won his last six starts.

Sal Maglie pitched and batted the New York Giants to their seventh straight win, 3-2, over Cincinnati. Maglie singled off Howie Fox to score Al Dark with the tie-breaking run in the seventh.

Southampton, N. Y.—Herb Flam of Beverly Hills, Calif., the national clay court champion, was upset by Dr. Arnold Beisser of San Francisco in the second round of the Southampton Invitation Tennis tournament, 6-2, 6-1.

Interstate League
(By The Associated Press)

Trenton, Harrisburg and Allentown are pulling a squeeze play on the pace setting Wilmington Blue Rocks and the runnerup Hagerstown Braves in the Interstate league pennant race.

The fifth placed Allentown Cardinals handed Wilmington a double whalloping last night, 6-5 and 12-8, to move within six and a half games of the league leaders.

Fourth place Harrisburg trounced Hagerstown 3-2 and now stands five and a half games in back of Wilmington.

Trenton, holding down third place, helped tighten up matters by defeating Lancaster 6-5 to climb within four games of the number one spot. York was rained out at Sunbury.

Tonight's schedule: Lancaster at Wilmington, Hagerstown at Sunbury, Allentown at Trenton and York at Harrisburg.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY YEARS AGO

Fire Destroys Barn: Fire of undetermined origin destroyed the large bank barn on the Oyler and Spangler farm, near Gettysburg, Sunday evening, causing a loss estimated at \$10,000, partly covered by insurance.

The blaze, which apparently broke out in a straw stack outside the barn, was discovered about 5:30 o'clock by Jack Bobo, son-in-law of O. J. Kuykendall, tenant on the place.

The barn, which measured 46x110 feet, was erected only six years ago, and was one of the largest around Gettysburg.

Littlestown Stirred by Death of Wealthy Widow of Native: Residents of Littlestown, where Luther Swope, late husband of Mrs. Rebecca Wendel Swope, one of New York's most wealthy recluses, was born, are wondering today if any immediate descendants of the Swope family will ever share in the \$100,000,000 estate left by the New York widow upon her death last Sunday.

The huge fortune was inherited by Miss Ella Wendel, the last of six daughters, who inherited the wealth of their father, John Wendel, a partner of John Jacob Astor, fur trader. A brother, John Gottlieb Wendel, opposed the marriage of any of his sisters, Mrs. Swope marrying the Littlestown man against her brother's wishes late in life. She left no issue.

One of the closest remaining relatives of the aged widow is Stanley Shirk, New York lawyer, whose mother was a sister of Mrs. Swope's husband. He is a son of Mrs. Emma S. Shirk, late of Hanover, and formerly of Littlestown.

Luther Swope left Littlestown to become a tutor for children of aristocratic families in New York. It was through these connections that he met and married Mrs. Swope.

Fifteen Boys Leave On Trip Through U. S., Canada: On the proceeds of bean and potato crops which they raised in the past two years, 15 boys, ranging in age from 15 to 18 years, all students at the Arentsville vocational school, will take a 7,000-mile automobile trip through the western part of the United States and Canada.

With Edwin A. Rice, supervisor of agriculture at the Arentsville school as chaperon, the boys will leave on Tuesday morning on the sight-seeing trip, which will keep them away from home practically a month.

Besides Mr. Rice those in the party will include Charles McDannell, Herman Hartman, Harold Cole, Paul Showers, Guy Martz, Lester Kint, Clarence Fritz, Sterling Sell, Charles Weaver, Richard Gulse, Richard Warren, Roy Tate, Burton Wolff, Herbert Orner and Clair Raffensperger.

Professor Rosenstengel to Return Home On August 30: Prof. and Mrs. Rudolph Rosenstengel will sail for the United States from Liverpool on the S. S. Britannia on August 30, according to word received by friends here.

Prof. Rosenstengel has been absent from the college on leave for sometime.

Hoover Gratified By Treaty Passage: Washington, July 22 (AP)—President Hoover said today the London Naval Treaty would secure the full defense of the United States and would dismiss from the minds of the world any idea that this country aims at imperialistic exploitation.

Silk Mill Head In Hospital: Arthur R. Jones, manager of the Eagle Silk Mill here and former commander of the Albert J. Lentz American Legion post, was admitted to the Warner hospital Wednesday morning and submitted to an immediate operation for a ruptured appendix. His condition is said to be as good as could be expected.

Today's Talk

By GEORGE MATTHEW ADAMS
APPRECIATION AND
GRATITUDE

I have written in this space many times about appreciation and gratitude, but I think that we all should bear both of them in mind, for they are essentials to personal peace and happiness.

In my office hangs a fine picture of the late Robert (Bob) Ripley, and on it he has written the following: "To George Matthew Adams, who gave me my first job, to whom I am eternally grateful, Bob Ripley—Believe It Or Not." This photograph was given to me some twenty years later than the incident mentioned, but never did he forget his appreciation of that early act. The picture is one of my prize possessions, because it represents the biggest payment he could have made me.

Early in my career I used to walk long distances to work in order to save carfare, and whenever I would pass a hotel I would step in and drop a note to my mother, thanking her for all her kindnesses and sacrifices for me. Then I would go to my room, extremely happy for I would be thinking of the time she would read those notes and her heart would warm with joy and satisfaction over my never forgetting to thank her and to tell her how much I loved her. Now she has long gone, but her memory is as green as the grass of Springtime.

There is a lack of appreciation and gratitude in many a home, and many a mother's and father's heart often aches because of it. How simple never to let that ache appear! It is a part of the nature of most people to be appreciative and to render gratitude when due, but they often forget. That forgetting may darken the day for one we love—and it is such an easy thing to avoid such a happening. Many a friend has been lost because of failure to give appreciation.

The happiest two words in the language are perhaps these two—Thank you! They are utility words that spring from the heart. And they shine out from a life pet stars in the sky!

Tomorrow Mr. Adams will talk on the subject: "Character Capacity."

Just Folks

TO THE STRAIGHTENERS
Here's to the lady who straightens
my tie

And ventures to dust off my coat!
Too often, too careless, of such
things am I.

As all who behold me can note,
Be she Florence or Betty or Mabel
or Mae.

I am happy and willing to stand
As she straightens my tie or flicks
ashes away,
For I welcome the touch of her
hand.

I know I am heedless whenever I
dress
And need some devotional care.
So I'll ever be grateful to Ella of
Bess.

Who tidies the tie that I wear,
I love the white hands that reach
up to my throat.

Wherever I happen to be,
I smile as they're fixing my tie or
my coat.

For I know they're devoted to me.
I'm a lonely old fellow in need of
the care

Which woman on man must bestow,
And that ladies will notice the
things that I wear

Is certainly flatt'ring to know.
So here's to them all who have cast
upon me

A twinkling, but critical eye,
And have stepped up, wherever I
happened to be.

To straighten my coat and my
tie.

A hurricane in the north of the kingdom added today to the bewilderment caused by disastrous earthquakes Wednesday in the south. Storm, flood, heat and snow have affected other parts of the country.

Deny Reports Marsh Creek Is Running Dry: Reports that the supply of water in Marsh Creek would be exhausted within 50 hours were vigorously denied by officials of the Gettysburg Water company on Saturday.

Although Marsh Creek is lower than any time since 1894, the water supply at present is purer than when heavy rains swell the stream with surface water.

BATTLE ROYAL LOOMING OVER REAPPORTIONING

Harrisburg, July 27 (AP)—It will be up to the 1951 Legislature to decide how and where two Congressional seats will be looped off in Pennsylvania.

Preliminary census reports show that the Keystone state will be required to reduce its Congressional delegation from 33 members to 31. Apportionment of the districts is left up to the Legislature after each ten-year census. The job is a tough one because of the political implications involved.

"Gerrymandering" is the political term used for the practice by the party in power in grouping counties or voting areas to minimize wherever possible the strength of the party out of office.

Democrats Have Hopes
Although Republicans are currently in the majority in both the state Senate and House, Democrats are hoping the November 7 general election will give them enough strength to control at least the House.

A Republican-controlled Senate and Democratic majority in the House would assure a battle royal in the Legislature on the issue of apportionment. Failure to agree on redistricting could result in all Congressmen being elected at large—by a statewide ballot.

Pennsylvania's 1950 population of 10,435,965 will mean that there should be one Congressman elected for every 336,000 people compared to the ratio of one for every 300,000 in 1940.

Of the 33 Congressional districts as now constituted, only 14 districts have more than 336,000 voters. The remainder range down as low as 222,914 in the 17th district (Pulmon, Huntingdon, Perry, Juniata, Mifflin, Snyder, Bedford and Union counties) and 212,568 in the 14th district (Bradford, Pike, Susquehanna, Wayne, Columbia, Montour, Sullivan and Wyoming counties).

The greatest population under the present districting is in the seventh district (Delaware county) with 413,665 residents and the 28th district (Mercer, Crawford and Erie counties) with 408,541 people.

Telesoping of 33 districts into 31 would mean taking three Congressional districts and reducing them to two in at least two sections of the state. But which districts will be involved can only be guessed at until lawmakers start to thrash out the problem next January.

The population figures for the York-Adams-Franklin district follow: 322,55 in 1950 and 286,836 in 1940.

MANY FINED ON SHORT WEIGHT

Harrisburg, July 27 (AP)—Some 632 persons were prosecuted for short-weight violations in Pennsylvania during the fiscal year ended May 31. They paid fines totaling \$22,415, the state Bureau of Standards and Measures said yesterday.

Bureau Chief Joseph F. Blickley added, however, that on the average "inspectors found all but a very few merchants honest and cooperative" in the testing of scales and other devices.

In his annual report, Blickley said a total of 7,504,410 scales and other measuring devices were tested by state and local inspectors during the past year.

"Of the devices inspected," the report said, "7,305,862 were approved, 17,396 were adjusted and 222,241 were condemned. Mine cars, which used to show a wide variation from standards in some years, showed up well," the report continued, "with none condemned and only 12 adjusted of a total of 6,205 inspected."

"Coal trucks did not measure up so well, 140 having been condemned and 89 adjusted of 32,706." The report added that short-weight coal is now only a minor offense under the new reinforced solid fuel act, as compared to the "wholesale racket by which consumers used to be defrauded out of millions of dollars a year."

POLIO OUTBREAK YET UNCHECKED

Wytheville, Va., July 27 (AP)—A virulent outbreak of polio, which has killed almost 15 per cent of those who contracted the disease, continued unchecked today in this southwest Virginia town of 5,500 persons. The normal death rate is about four per cent.

Wytheville itself has had 59 cases. Wythe county as a whole (pop. 23,000 including Wytheville) has had 75 cases, with 11 deaths—an average of almost three cases per day since the epidemic began July 1.

State Health Commissioner L. J. Roper termed the town and adjoining Wythe county an area of "tension."

Four new cases and two more deaths were reported yesterday from the polio-ravaged county, which has hit spot in the nation this year and scene of the worst outbreak in Virginia's history.

U.N. MEMBERS RALLYING TO KOREAN CALL

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

America's huge rearmament program, involving as it does such great sacrifice by all her citizens, naturally has made a lot of folk speculate whether the U.S.A., after all, is carrying more than its fair weight of the burden for international defense against communism.

That thought hasn't been inspired by selfishness. It's due to the belief that this defense is a partnership affair in which each democracy, big or little, must do its proportionate share. We stand or fall together.

Of course America doesn't wish to evade the leadership which her strength and resources impose upon her. Furthermore, she expects to contribute in material things in proportion to her means. She recognizes, too, that many nations still are struggling to recover from the ravages of the last war.

Early Reaction Cautious

However, the early reaction of some of the democratic bloc to the assault on South Korea was, to say the least, very cautious and non-committal. There was a hesitancy to stand up and be counted, even after the United States, under the aegis of the United Nations, rushed to the rescue and flung her own youth into the conflict.

That was disappointing and puzzling to many in this country. I guess we just didn't understand, and maybe were a bit hasty in coming to conclusions. Therefore it is with just so much more appreciation that we now see a reversal of this attitude and a heartening display of cooperation.

More members of the United Nations are offering ground troops and other military aid to help meet the Korean crisis. Even little Lebanon has voted \$50,000 as symbolic aid to the U.N. forces in Korea.

Sign for Moscow

This rather sudden surge of practical support drew from Secretary of State Acheson the statement that U.N. members are offering aid. He declared these offers were of the greatest political importance. He also assumed they were important militarily, but left that to the judgment of the military experts.

Well, of course such a warm response has great psychological effect, not only in the democratic camp but in Moscow. It is an expression of solidarity and of determination. It sets the flag of the United Nations to tugging at its halcyon.

However, that's far from being the whole story. The Council of the Atlantic Pact powers, meeting in London, has decided to go all out in organizing the defenses of Western Europe against possible attack.

Sports Roundup

By GAYLE TALBOT

New York, July 27 (AP)—Television isn't the culprit, says President Ford Frick of the National league. It's that old-timer—radio.

The recent clamor from minor league officials that they are getting their brains beaten out by the home movies of big league contests has caused Frick to make an urgent study of the situation. He absolves television of any blame for the minors' plight.

"Those fellows simply have gotten television confused with radio," he declares. "There isn't enough television of big league games in their territories to hurt them at the box office. There are no television hook-ups of our games."

"But radio, that's different. The whole country is absolutely saturated with it. I'm really surprised that the sponsors haven't gotten wise and complained. I think they will yet."

"Why, there are stations out west which begin broadcasting play-by-play of big league games at 10 in the morning, and then, when one game is over, start in almost immediately on a night game."

Speeding Arrests Reveals Marijuana

Harrisburg, July 27 (AP)—Charges of speeding and reckless driving against a Pittsburgh man on Route 22 east of here led to the discovery of \$3,000 worth of marijuana in the accused man's car.

Victor Powell, 25, was arrested by state police nine miles east of here when forced to halt his speeding car to avert a possible crash with a truck.

Cpl. Joseph Pochyba, of the state police, said three marijuana cigarettes were found in Powell's socks. A more detailed inspection of his car uncovered 882 grains of marijuana and 3,000 grains of the narcotic itself.

"We have stacks and stacks of reports and thousands and thousands of figures. It is a terrific statistical job to try to find what they prove, if anything. I only hope I will be in position to make a report by the time of the next big league meetings in the fall."

"Actually, despite your figures which show us to be more than a half-million behind in paid attendance from a year ago, I'm not sure we will be anywhere near that far behind when the season ends. We had an awful lot of bad weather in the spring and have quite a few

Warns America In Grave Predicament

Philipsburg, Pa., July 27 (AP)—The American people are in the most serious predicament they've ever faced, says Gov. James H. Duff.

The Governor warned a tri-county Republican picnic here yesterday that "whether we recognize it or not we are on the front doorstep of World War III."

In other words, said Duff, "the enemy was on the outside while today many in the United States want the outside enemy to win."

"I expect every citizen to do his duty in collaborating with all measures of defense against the enemy outside as well as within," Duff told the crowd of 2,000 Republicans from the Blair-Clearfield-Centre counties Congressional district.

Appearing with Duff, who is Republican candidate for U. S. Senator, were other GOP candidates: John S. Fine, for governor; state Sen. Lloyd H. Wood Jr., governor; Supreme Court Justice John C. Bell, Jr., and Superior Court Judge Blair M. Gunther.

PROBERS WATCH FOR BLACK MART

Washington, July 27 (AP)—Senate crime investigators promised today to keep a sharp lookout for any sign of war-savanned black market operations by racketeers and criminal gangs.

They warned that shortages caused by the Korean fighting and an expanded military program are likely to draw "racket money" into trading in scarce commodities. Black markets, in which scarce goods are sold illegally for high prices, traditionally spring up when a government undertakes to control sales.

A statement from the special Senate committee to study crime said that investigators "had found many leads tending to show that racket money was at the basis of black market operations of considerable magnitude" during World War II and the postwar period.

"With the present reported rush on the part of many persons to hoard commodities of every type," said Chairman Kefauver (D-Tenn.), "there is undoubtedly a strong temptation for these racketeers to turn again to these lucrative by-ways."

He added that if the committee uncovers evidence of this, it will promptly report to Congress and the public.

The committee statement said investigation already has disclosed that big-scale racketeers frequently attempt to "legitimize themselves and their operations" once they accumulate large sums of money, by investing in lawful enterprises.

SEVEN NEGROES GIVEN REPRIEVE

Richmond, Va., July 27 (AP)—Seven Negroes convicted of the assault of a 32-year-old Martinsville, Va., white woman today had an indefinite reprieve from Virginia's electric chair.

And it appeared that the men, believed doomed when Governor John S. Battle refused them executive clemency on Monday, conceivably could stay in the "death row" for many more months of legal maneuvering.

Hustings Court Judge M. Ray Doubles ordered stays of execution late yesterday, less than 36 hours before the first four men were to have died at the Virginia State penitentiary.

The judge granted the stays, effective until further court order, after Martin A. Martin, Negro attorney for the men, filed petitions for writs of habeas corpus contending the seven were denied "equal protection of the law" under the 14th Amendment of the federal Constitution.

Joe Henry Hampton, Frank Hairston, Jr., Booker T. Millner and Howard Hairston were to have died tomorrow for the assault January 8, 1949, of Mrs. Ruby Stroud Floyd, wife of a storekeeper. Francis Desales Grayson, John Clabon Taylor and James Luther Hairston were to have been executed August 4.

days, breaking up the sugar they have. The stuff becomes hard as a rock if it has been stored long enough.

The storemen also noted that national sugar wholesalers have huge quantities on hand, larger than the usual supply, and that tremendous quantities of sugar are in Cuba and in the southern states, where it is refined.

Main difficulty has been in getting enough here to meet the suddenly increased demand, the grocers noted.

Other Commodities
Apparently the consumers have been less anxious to purchase other commodities for hoarding, the merchants said, reporting that sales of all other types of food and staple articles have been about normal, with little evidence of any hoarding.

One exception might be raised, they noted, and that is toilet paper. And even there the demand has not been so great that supplies cannot be kept on hand at most times.

There has also been some increased demand for soap, one merchant reported, noting that many customers who usually buy one cake or one box of soap at a time have been doubling or tripling their purchases.

He added that again it did not matter, because the store is able to secure all of the soap it can wish. Other stores said they had not noticed any particular increase in soap and soap powder sales.

Air Force Plane Crashes; Six Die

Oakley, Kas., July 27 (AP)—A twin-engine Air Force plane crashed during a thunderstorm yesterday, killing all six men aboard and scattering wreckage over a two-acre area.

The plane, a B-25, hit in a pasture about 12 miles southeast of this western Kansas town.

Some of the crewmen apparently attempted to parachute. A chute on one body was ripped open. Parachutes were strapped to three other victims.

impossible to get on the Sesqui "whisker wagon" he may drop in to Sesqui headquarters in the court house, and get a shaver's permit badge at a small fee, and wear the big badge conspicuously at all times.

Prizes For Ladies

To enter the contest, men also must register their names and procure badges at the Sesqui headquarters at the court house. The nominal fees for this and the non-shaver's permit go into the Sesqui fund to defray the many expenses of putting on the county's big birthday party. "Get your permits early as possible. They're limited in number," a Sesqui official said.

For the ladies, who will be called "Sisters of the Swish," there will be five big prizes as follows: 1. Oldest authentic costume handed down by ancestor, \$25; prettiest costume, \$15; most comical costume, \$15; best "Gay 90" costume, \$15; and best

mother and daughter combination, \$15, total \$85.

Ladies will be required to register but instead of a badge they will be requested to wear one of the perk little "Robin Hood" hats that come in a variety of gay colors trimmed with a smart genuine feather and bearing the official insignia of the Sesquicentennial. These can be obtained for the present at the Sesquicentennial headquarters in the court house.

WALKING WILL DO YOU GOOD... We'll Buy your CAR for CASH

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

DISMISSED HIS ESCORT PLANES

Tokyo, July 27 (AP)—General MacArthur dismissed escorting fighter planes on the way back from a flying trip to Korea today so they could return to the front "where they'll do the most good."

MacArthur's pilot, Major Anthony Story of St. Louis, Mo., told about it after bringing the general's plane, "Bataan," in through a drizzle to the wet runways of Tokyo airport.

The "Bataan" was being escorted by three rocket-carrying P-51 Mustangs, MacArthur told Story.

"Release the escort so they can go back to the front and put those rockets where they'll do the most good. We will make it all right."

Major Story said that before his flight MacArthur was advised against taking his plane, a big C-54, into the dirt airstrip near the fighting front. No plane that large had landed on the new South Korean strips, MacArthur replied. "If they can get a puddle jumper in there, Story can get the Bataan in."

RESERVES GET ORDERS

Harrisburg, July 27 (AP)—The Harrisburg Marine Corps Reserve unit has received orders from Washington to report for active duty on August 9. An announcement late yesterday said the unit will report first to the Naval and Marine Reserve training center here and go to an initial training camp within a few days.

Await Figures On Bethlehem Profits

New York, July 27 (AP)—The steel profits picture for a period of record-breaking production is rounded out today with the report of Bethlehem Steel Corp., second largest producer.

Financial results of Bethlehem for the second 1950 quarter were scheduled for announcement after a meeting of directors (2 p.m. EST) to act on dividends.

The industry as a whole smashed output records right and left during the three months ended June 30 as it operated at capacity or better for an extended period. Tonnage produced was 24,885,500 tons of ingots and steel for castings.

Bethlehem's financial report follows by two days that of United States Steel Corp., giant of the industry, which reported net income of \$69,861,496 was the largest for any quarter in nearly 34 years.

HAMBLETONIAN'S "DARK HORSE"

Goshen, N. Y., July 27 (AP)—King's Ransom, an \$18,000 purchase who never got to the races as a two-year-old, emerged today as the "dark horse" of the \$85,000 Hambletonian here August 9.

While most harness racing fans were talking about either Star's Pride, Lusty Song, Florican or Lord Steward for the big trotting derby, old Tom Berry was taking his time.

Berry, the 68-year-old veteran trainer and driver for the Coldstream stud of Lexington, Ky., bay son of Volomite-Rose Dean

thinks he has a good chance for his third Hambletonian victory. He won with Hanover's Bertha in 1930 and with Chestertown in 1946.

King's Ransom suffered some form of equine rheumatism as a juvenile, and never raced until three weeks ago at Old Orchard Beach, Me. The

rattled off a winning mile in 2:06 and has won two more races since for an unbeaten record to date. He is the first foal of Rose Dean, daughter of Rosalind, the 1935 Hambletonian winner.

Fairfield

Fairfield—Mrs. Mary Neely and daughter, Patricia, and son, George, and Jack Gaines, all of York, visited last week with Mr. and Mrs. Henry Neely.

Mr. and Mrs. Ralph Neely moved last week to an apartment in York. Robert, Richard and Dorothy Jean Waddle, of Bridgeport, Conn., are spending two weeks with their grandparents, Mr. and Mrs. J. B. Waddle.

Mr. and Mrs. Walter Leister, Hazleton, spent the week-end with Mr. and Mrs. S. L. Allison.

Mr. and Mrs. Stanley Musselman and daughter, Elizabeth, of Quarryville, spent the week-end with Mr. and Mrs. John O. Musselman and Mr. and Mrs. Blain Waddle.

Miss Ethel Grace Allison is visiting Mr. and Mrs. Frank Wilkinson, of Philadelphia.

The Ladies' Auxiliary of the Fairfield Community fire company met Thursday evening at the fire company hall. The president, Mrs. Luther Kepner, presided. It was decided to give a donation of \$200 to the fire company. The August meeting will be held at the home of Mrs. Earl Musselman. At this time a wiener roast will be held and each member may bring a guest.

LOW BID LISTED

Harrisburg, July 27 (AP)—The Department of Property and Supplies today received an unofficial low bid of \$41,051 from the Albert Boyer Construction company, Northumberland, for alteration to Horton Hall at the Shippensburg State Teachers' college.

BLAME REDS FOR JACKSON MOBS

Jackson, Miss., July 27 (AP)—Northern defenders of a convicted Negro felon who was to have died today in the electric chair charged they were set upon and manhandled by mobs here.

Mississippi officials countered with the assertion that Communists provoked the incidents for propaganda and were seeking to affront the south.

Mid-between these charges and counter charges was 37-year-old Willie McGee, who was convicted three times for attacking a white woman in 1945 and who yesterday was granted a stay of execution by Justice Harold Burton of the United States Supreme court.

Aubrey Grossman, organizational secretary for the Civil Rights Congress of New York, which the Justice Department has listed as a Communist group, said that soon after the stay was granted he was beaten in his hotel room here. Grossman and the congress have been defending McGee.

Steve Fischer, a reporter for the New York Daily Compass, told reporters that about 20 men assaulted him and that he "got slugged pretty hard." Another member of the delegation, Radio Commentator Sidney Ordover of Chicago, said he suffered lacerations and bruises.

A Pledge to the American People by The Great Atlantic & Pacific Tea Company

We will resist all unwarranted price rises with all our might.

We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.

We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.

We will continue to strive for more efficient distribution.

We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.

We will devote all our energies to giving you the most good food for your money every day of the week.

We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

RESIGNATION BARES SPLIT IN RANKS OF GOP

Washington, July 27 (AP)—Internal dissension within the Republican National committee came to light today with the resignation of Arthur Summerfield of Michigan as chairman of the party's strategy committee.

In a letter to national committee members and other party officials, Summerfield charged that National Chairman Guy G. Gabrielson planned to let the strategy group "die on the vine."

Gabrielson told a reporter the party's executive committee had "urged me to dissolve the strategy committee" in view of regional party conferences being held at various cities.

Formed Under Scott
The strategy committee was formed during the regime of Gabrielson's predecessor, Rep. Hugh D. Scott, Jr., with the aim of taking over active direction of the drive to elect a GOP Congress in November.

Its members include representatives of the National committee, governors, state chairmen, finance chairmen and Senator Brewster of Maine and Rep. Leonard Hall of New York, heads of the Senate and House campaign committees.

Summerfield said in his letter that despite the fact that neither Scott nor Gabrielson had given the group any funds it had worked out "a very well conceived and constructive program" for the campaign.

Points To Resolution
But Summerfield said that Gabrielson first wanted to abolish the committee altogether and then decided to let it die on the vine.

Asked to comment, Gabrielson said: "A resolution adopted by the Republican National committee in February authorized the termination of all subcommittees except the executive committee at the discretion of the chairman."

"Members of the executive committee urged me to dissolve the strategy committee, in view of our regional conferences at Atlantic City, Salt Lake City, and Chicago, which are bringing together governors, state chairmen, state finance chairmen, young Republicans and Republican Women's organizations. At the request of Mr. Summerfield and others, I agreed to withhold action until after the election upon his assurance that the strategy committee would remain dormant."

Report Joe Louis Starts Training

Chicago, July 27 (AP)—Joe Louis, retired heavyweight boxing champion, reportedly was headed today for an Indiana training camp to prepare for a title bout with Champion Ezzard Charles.

The 36-year-old Brown Bomber, king of the heavyweights for 11 years—longest reign in heavyweight history—was reported getting ready to return to the ring to get some money to pay back taxes.

During his fist career Louis earned nearly \$4,000,000.

The report that Louis will return to the ring came yesterday with his departure with advisor Fred Wilson for a West Baden, Ind., training site. His trainer, Marnie Seamon, also was reported enroute to West Baden with training equipment.

Guard And Draft Claim Same Man

Meadville, Pa., July 27 (AP)—George Barrickman is a private first class in Meadville's heavy mortar company of the Pennsylvania National Guard.

He is scheduled to leave tomorrow night with the company for training maneuvers, but he's worried he may be marked AWOL.

George's draft board has told him to report for his pre-induction physical Saturday morning. If he's not there, he's subject to immediate induction into the armed forces.

The Pennsylvania Adjutant General's office is being asked to decide who has first claim to George.

IT'S DEATH, MY DARLING!

By Amelia Reynolds Long

AP Newsfeatures

Chapter 28

For the space of several seconds, Amedee stood perfectly still. Then he came over and sat down beside me again.

"What made you say that, Peter?" he asked quietly.

"Look at the entire situation, Dede," I said. I had to talk fast, in order to keep up with my own flying thoughts. "A little over a week ago, your grandfather makes a discovery of some sort—something that we've now reason to believe some third person was trying to keep from him. Whatever it was, he considers it so important that he sends at once for his lawyer and for his eldest and youngest grandsons, apparently to consult with them about it. But before he can accomplish that, he dies; but not before he's had time to tell this thing to one of them—Claude. A few days later, Claude dies."

Amedee nodded. "That was what Uncle Raoul suspected," he said. "But the autopsy showed that Claude died of a heart attack after all."

"Yes, I know," I admitted. "But the autopsy could have been wrong. I mean, it may not have been carried far enough. Suppose that Claude—and your grandfather too, for that matter—died of something that could have been mistaken for heart failure as long as no one had any reason to suspect its true nature. Some poison—"

"Poison!" He repeated the word as though he had never heard it before. "But what—"

"Let me finish before we go into that," I interrupted. "Uncle Raoul suspected that there was something wrong about his father's death even before he talked with Mr. Duval."

"Then that was why he went down to the mausoleum that night?" Amedee broke in. "And why he opened Grandpere's casket. He must have thought he could find some proof . . ."

"No, I don't think so," I disagreed. "I hate to suggest this, Dede, but suppose the murderer of your grandfather was one of us at the table that evening. Suppose Uncle Raoul should decide to have the body exhumed and an autopsy performed. He decided to prevent that by removing or destroying the body; since without it nothing could be proved, regardless of what Uncle Raoul or anybody else might suspect."

"He must have waited that night until he thought everybody was asleep; then he started out to attend to it. Only Uncle Raoul, who was probably sitting up thinking things over, saw him go, and followed him. He probably picked up the sword as the nearest weapon to hand in case he should need one, but—"

"You don't need to go on," Amedee interrupted again. He started pacing up and down. "Peter, think hard," he said suddenly. "What poison is there that could be mistaken for heart failure?"

I thought until my brain felt strained.

"There's digitalis—you can prepare that without much trouble from the ordinary foxglove."

"There are no foxgloves on the place, or anywhere around here that I know of," Amedee said, "so it looks as though that's out."

Then all of a sudden I had a brain storm.

"Dede!" I cried excitedly. "Henri said something about Uncle Raoul's having an oleander clutched in his hand when you found him. Did he?"

"Why, yes," he answered, looking surprised at the question. "Then that's it!" I declared. "Pick must have told him about the withered plants. So when he was dying, he tore off one of the flowers in the spray and held it in his hand, hoping that when we found him, we'd understand!"

"Understand what?" I told him about the dying plants that Pick and I had discovered down near the carriage house.

"And don't you remember?" I concluded. "Aunt Minerva objected to the oleanders because she'd heard that they give off a poisonous vapor. None of us paid much attention to her at the time; probably because we all thought that she was merely being fussy. But she was right; she must have been! Not about the vapor part, of course; but about their being poisonous. I'm certain now that I read that somewhere myself."

"You're sure of that?" Amedee demanded. Now that he understood what I was talking about, he was as carried away by the idea as I was. "Reasonably sure," I answered. "But aren't there some reference books about, so we can look it up?"

He rose, and catching hold of my hand, drew me up after him.

"Come on," he said. "We'll see what's in Grandpere's office."

Amedee found the first reference in a copy of the American Dispensary.

"Here it is!" he exclaimed, and began to read aloud.

"Oleander Neurium. A species of—" He ran his eyes hastily over several paragraphs until he had come to what he wanted. "Poisonous Qualities: Similar to digitalis. The infusion made from four ounces of the root is affirmed to have taken life."

Four ounces of the root! And it

WHO'S RIGHT ON POLICY--BARUCH, TAFT OR TRUMAN

By JAMES MALLOW
Washington, July 27 (AP)—Three men — President Truman, Senator Taft, and Bernard Baruch — have different ideas on what we must do in rearming.

Mr. Truman has asked Congress for some—but not all-out—government controls. Senator Taft thinks Mr. Truman is going too far. Baruch doesn't think the President is going far enough.

Mr. Truman and Senator Taft are hoping things won't get worse—at least soon. Baruch wants to take no chances on things getting better. He wants the country fully prepared and mobilized to meet the worst.

Time Will Tell
Time will show which is right.

This country's fate may depend on the answer. No one here can predict it. They can make things better or worse.

Mr. Truman has asked Congress to give the government power to do these things: Raise taxes; control credit buying, which means buying things on time, whether they're homes or autos; and grant wide controls over business and industry.

For example: If it needed steel for tanks, the government could say just how much would be left for industry to turn out passenger cars.

The President stopped there. He didn't ask for controls over prices and wages or for power to ration goods and food. He said, though, he'd ask for them if he thought it necessary. He doesn't think they're needed now.

Truman's Stand
The President's feelings may be summed up in the following statement he made to Congress yesterday: "The world responsibilities of the United States . . . will become still heavier before the united efforts of the free nations of the world produce a lasting peace."

Taft said that so far as we can see our present situation may "exist

East Berlin — Mr. and Mrs. Reuben Slothour, R. 3, have had as their guest this week their granddaughter.

for 10 years" and we may as well get adjusted to that idea, but he added: "I am not at all confident that the Russians contemplate an all-out military attack at any time, or that there is any certainty of a third world war."

How Taft Feels
Although he agrees with the President on the need to raise taxes, Taft goes only part of the way in thinking Mr. Truman ought to have all the control over credit he asked for.

For example: Taft is opposed to giving Mr. Truman specific control over credit in real estate deals.

And as for the general controls Mr. Truman wants over business and industry, Taft says they go much too far and are "arbitrary and dictatorial."

Baruch, who has been an economic advisor to several presidents, wants all-out government controls at once, including controls on prices, wages and rents.

a daughter of Mr. and Mrs. Fred Slothour, Harrisburg.

Mr. and Mrs. Oscar Nuss and children, Lancaster, have been spending their vacation at the home of her father, Luther A. Yohe, Hamilton township, near town. Mr. Yohe has returned after being ill at the Hanover home of another daughter, Mrs. Wirt Winebrenner.

Mr. and Mrs. Russell Smith, Hanover, announce the birth of a daughter, Susan Marie, at the Hanover hospital. Mrs. Smith is a daughter of Lester and Ruth Slothour Hoffheins, Hanover, she formerly of here.

Miss Bernardina Corrigan, Baltimore, who is spending several months in McSherrystown, visited Sunday at the home of Mr. and Mrs. Augustine J. Tierney, accompanied by the Hufnagel family of the Hanover area.

Other recent visitors at the Tierney home were Mrs. Tierney's cousin, Mrs. Edward C. Smith, Harrisburg, and son, Edward C. Smith, Jr. Mr. Tierney is reported improved after having been confined to his home for more than a month.

Miss Doris E. Jacobs, a recent graduate of the local high school, is at New Windsor, Md., training for Christian service in which she expects later to be sent to Europe for

work among war victims. Her father is a minister of the Church of the Brethren.

Reuben Slothour, R. 3, who recently submitted to two major operations at the Warner hospital, has returned home and can be about although he has not yet recovered sufficiently to return to his duties in York.

The Rev. Lester J. Karschner, pastor of Trinity Lutheran church, has concluded his vacation during which he, with Mrs. Karschner and their seven-year-old son, Richard, motored through the south.

Extensive repairs are being made to replace the Harrisburg street bridge at the north end of town which had become unsafe for traffic. During the repairs, expected to take several months, motorists are using a country road detour by way of Eisenhart's mill northeast of town.

Members of Paradise Catholic church who are preparing to present a public picnic for the benefit of the church on Saturday, August 5, at the Adams County fairgrounds, met to discuss arrangements on Sunday morning after the 8:30 mass.

Borough workmen have been spending some days repairing the curb and pavement at the corner on

which the post office is situated.

Mr. and Mrs. Paul Lerew, Sr., and grandson, Johnny, son of Mr. and Mrs. J. Calvin Lerew, have returned from a two-weeks' trip through the New England states in company with the Lerews' son-in-law and daughter, Mr. and Mrs. Homer S. Bloodworth, Connecticut.

The recently organized East Berlin Drum and Bugle corps are preparing for a three-day carnival, Thursday, Friday and Saturday, August 3, 4 and 5, at the high school campus.

The Rev. Chester T. Loszewski, pastor of Paradise Catholic church, is recuperating after a serious operation performed last week at the Graduate hospital, Philadelphia. Father Loszewski will spend the remainder of his convalescence at Misericordia hospital in the same city. Substituting for him at the Sunday services of his church was the Rev. Andrew J. Judge, a Franciscan father from the boys' school at Spring Grove.

Mrs. Emma Jacobs, who resides with a daughter, Mrs. Herbert L. Myers, and family, was honored on her recent 79th birthday at the cottage of her daughter, Mrs. Raymond J. Krout, Thomasville. Many relatives and friends were present at the

STATE OFFICIAL DIES

Lancaster, Pa., July 27 (AP)—Estes B. Landis, for the past two years chief field investigator of the Pennsylvania State Tax Equalization board, died yesterday at the age of 69. Landis was executive secretary of the Lancaster county branch of the Pennsylvania economy league for 11 years before going into state service. Prior to that time, Landis was vice principal of the Bangor, Pa., high school and operator of a celebration. Mrs. Jacobs is in good health despite her advanced age.

The Marts family of Hanover spent the week-end at their cottage along the Conecago creek near town.

SCOUTS AT OLMSTEAD

Middletown, Pa., July 27 (AP)—About 120 Boy Scouts from Dauphin, Cumberland, Perry and Franklin counties will take part in a week's explorer encampment at Olmstead air force base here beginning Sunday. The boys will live in barracks in the base and while here will study the principles of flight, jet planes, aircraft instruments, weather, communications, flight control and navigation.

Littlestown WILL ORGANIZE SPOTTER POST

Ways and means of organizing the Littlestown observation post which has been recommended by the Office of Civilian Defense of Pennsylvania were discussed at a meeting held Wednesday evening in the office of the Littleton Shoe company by a committee that had been invited by Charles Ritter, post supervisor, who was also in charge of the meeting. Mrs. James Fager is assistant.

Members of the committee in attendance were Herbert J. Motter, Burgess of Littlestown; John N. Sell, president of the borough council; Roger J. Keefer, borough secretary; Mrs. Clayton L. Evans, president of the Woman's Community club of Littlestown and vicinity; George P. Smith, president of the Rotary club; John R. Blooms, president of the Lions club; Wilbur A. Bankert, representing the Littlestown State bank; Theron W. Spangler, representing the Littlestown National bank; and Chief of Police Leon H. Gage.

Committee appointments included: Post building committee, John R. Bloom and John N. Sell; and finance, Theron W. Spangler and Wilbur A. Bankert.

It was stated that, if and when the time comes that permanent headquarters are necessary, volunteer subscriptions will be taken to defray this expense. A place for the post has not been secured to date.

This committee prepared a tentative list of 22 observers. They will be notified of their appointment and after their acceptance, they will be publicly announced in the near future.

The next meeting of the committee will be at the call of the post supervisor.

Craft Fair Will Be Held At Mt. Gretna

A fashion show of hand-woven wooden attire will be one of the features of the second annual Craft fair to be held by the Pennsylvania Guild of Craftsmen August 4, 5 and 6 at Mount Gretna.

The Craft fair will be officially opened by Theodore Roosevelt III, Pennsylvania Secretary of Commerce, Friday, August 4, at 10 a.m.

The fashion show, which will be held Saturday, August 5, at 2 p.m., will feature suits, blouses, dresses and skirts made from material woven by members of the Guild.

The Craft fair also will present products by craftsmen in these fields: Leather, rug-hooking, stitchery, spinning, pottery, jewelry, lace, woodwork, gem cutting, glass blowing, china painting, painted toleware, metalworking, iron forging and textile painting.

Numerous demonstrations have been planned so that visitors may see the skilled craftsmen at work at their various pursuits.

New York, July 27 (AP)—The Institute of life insurance reported today that Pennsylvanians held an average of \$6,400 life coverage per family unit at the start of 1950. This figure compared with the \$5,400 family unit average at the beginning of 1946. Pennsylvania families owned 19,260,000 life insurance policies Jan. 1, 1950, the institute said, totaling \$18,839,000,000.

Mushroom Industry Founder Dies At 98

Kennett Square, Pa., July 27 (AP)—The man who founded the mushroom growing industry of Chester county is dead at the age of 98.

He was William Swayne, who began his career as a florist. Some 60 years ago Swayne began experimenting with growing mushrooms under benches in his greenhouse.

The enterprise proved so successful that he and his sons took up mushroom growing as a profession. It is now one of the major activities in the county on the western suburbs of Philadelphia.

Swayne, who died at his home last night of a heart ailment, is survived by three sons—Bancroft and Lawrence, both of Kennett Square, and Thompson, of Piedmont, Calif., and a daughter, Mrs. George W. Hellyer, of San Bernardino, Calif.

Central Pennsylvania railroad were snarled for a time last night after 22 of a 147-car freight train were derailed. The mishap on the freight enroute from Jersey City, N. J., to Allentown, Pa., occurred between Mincey Trail and the New Street bridge at Bethlehem. No one was injured. There was no explanation of what caused the derailment.

Emmitsburg MISSION GROUP HOLDS MEETING

The regular monthly meeting of the Women's Missionary society of the Elias Lutheran church was held on Tuesday evening at the parsonage, with 14 members and one guest present.

In the absence of Mrs. Hampson, no program was presented. Mrs. Philip Bower, president, had charge of the business meeting which was conducted. Mrs. Bower read two letters, one from Konorock thanking the members for a box of clothing which was sent to them. The second one was from the Fairfield Missionary society inviting the Emmitsburg group to visit them on Tuesday, August 29.

The members accepted the invitation and all members will be notified to meet at the Parish house at 7 o'clock. Transportation will be provided. Plans were made to hold the annual "covered-dish" luncheon Tuesday, September 26, and committees were appointed.

Miss Hazel Gallacher, a guest, presented a talk on the work of the

Missionary society of which she is president in Harrisburg. The meeting was closed with a prayer by Miss Grace Rowe. A social hour was enjoyed by everyone following the meeting.

Young Democrats Meet
Monday evening the Young Democrats of Frederick county met at the White House inn in Emmitsburg with approximately 75 members present. Arthur Potts of Frederick conducted the regular meeting. The majority of the county Democratic candidates were present. Senator Edward Stull reported as president of the State Democrats.

New members and guests were introduced by Lumen Norris, candidate for the House of Delegates. Twenty-five new members from the Emmitsburg district and seven as-

sociate members have been taken into the group. Refreshments were served and a general get together was enjoyed after the meeting. It was announced that the next meeting will be held in Brunswick, Md.

Mrs. Robert Daugherty, chairman of the Social Events committee of the Chamber of Commerce, announced today that at a recent meeting of the group plans were discussed for an Armistice Day program and dedication of Rainbow Lake. Other members of the committee include: Joan Boyle, Roger Zurgable, Edward Stull, Jack Humcrick and Robert Daugherty.

LIONS DISCUSS
2D HORSE SHOW

The regular meeting of the Emmitsburg Lions club was held in the Lutheran Parish House Monday evening with President B. J. Rickenrode presiding.

Members discussed a second annual Horse show some time in the fall. John Hollinger is the chairman of the committee for the Lions and Capt. W. H. Woodring is to be the general chairman of this project.

James Norris, chairman for the picnic meeting to be held on Monday evening, August 28, at the Country club in Gettysburg, announced plans. Other members of the committee include: Dr. J. J. Dillon, George Willhite, Morris Zentz, Clarence Hahn, Ralph McDennell, Ernest Shriver, Herbert Rogers and John Hollinger.

Dr. D. L. Beegle gave a talk on various points of interest on a trip he recently made in the West. Super committee for the meeting included Mrs. Roy Bollinger, chairman, Mrs. Herbert Neighbors, Mrs. Clara Harner and Miss Grace Rowe.

On Tuesday morning and afternoon members of the Children's choir of the Lutheran church enjoyed a picnic at Big Pipe creek near Taneytown, Md. Those who attended the outing were Susan Daugherty, Margaret Neighbors, Scie Eyster, Alfred Hahn, Shirley Hahn, Carl Crist, Norman Shriver, Tommy Bollinger, Mary Ann Plank, Buddy Plank, June Welsh, Jack White, Terry Peagie and Edna Zimmerman. The children enjoyed games and swimming. Chaperones were Mrs. Mervin Tate and Mrs. Thomas Bollinger, director of the choir.

Sunday visitors at the home of Mr. and Mrs. Henry H. Charlton of West Main street were Willis Gore and Miss Betty Jane Christie of Baltimore.

Mr. and Mrs. William Watkins and family, of West Haven, Conn., are visiting with Mr. Watkins' mother, Mrs. Estelle Watkins and his brother-in-law and sister, Mr. and Mrs. George Willhite and family of West Main street.

Recent guests at the home of Mr.

and Mrs. Lewis Bell of East Main street were Mr. and Mrs. Harry Bell, of Columbia, S. C.

Dr. and Mrs. Allison and family have returned to their home on East Main street after spending some time in the New England states during their vacation.

Personal Mention

Mr. and Mrs. Frank Schmitt and family, of Los Angeles, Calif., are guests of Mrs. Schmitt's mother, Mrs. Sara Hoke, of West Main street. Mrs. Schmitt was the former Miss Janet Hoke.

Mr. and Mrs. Garland Wood and three daughters, Baltimore, were week-end visitors of Mr. and Mrs. James Arnold, East Main street.

Members of the Youth choir of the Elias Lutheran church spent Saturday at Hershey, Pa. Those who went on the strawride included: Dian Shuff, David Springer, Doris Westler, Jimmy Sanders, Jean Troxell, Ruth Umbie, Thelma Green, Jasper Wantz, Kathaleen Wantz, John Trout, Lois Linn, Jane Bollinger, Richard Prock, Marie Topper, Paul McNair, Pat Lings, Lewis Hahn and Carolyn McNair. Chaperones for the trip were Mrs. Carroll Prock and Mrs. Harry McNair.

George Willhite, the cashier at the Farmer's State bank, is on a week's vacation.

HUNDREDS OF
YOUNG PENNA.
MEN EXAMINED

Harrisburg, July 27 (AP)—Hundreds of young Pennsylvanians began taking per-induction physical examinations today to meet the Commonwealth's first draft call since 1948.

Col. Henry M. Gross, state Selective Service director, said some 11,083 prospective draftees will take pre-induction examination at six centers between now and September 1.

From these men will be selected the state's quota of 1,401 for the September national draft call. The call for the entire nation amounts to 20,000 men.

11,083 Called

The examination centers are located at Altoona, Erie, Harrisburg, Philadelphia, Pittsburgh and Wilkes-Barre.

Gross said the present draft call for Pennsylvania affects only unmarried men between 19 and 25 with no previous military service.

The Selective Service director said the largest number of the men called in the September draft are in the

age groups from 25 down through 24. He said, however, that in some cases boards had to dip down as far as the 22 year age group to fill the quotas.

Although the state's September quota is only 1,401 men, Gross said the 11,083 were called for physical examinations in order to make amply sure each board would be able to fill its quota.

Urged All To Report

"On the basis of past experience," Gross explained, "we've found that it sometimes takes seven or eight men to fill one vacancy. Those who pass and are not taken under this quota will be first in line for the next one."

At the same time, Gross warned all prospective selectees to be sure and report for their physical examination on the day they are called.

He said that pleas of failure to receive notification will be largely unacceptable since each registrant was told to keep the draft board in-

formed of any changes in address.

Registrants who pass their physical examinations will receive notices of acceptability from the examining stations. The draft boards then will select their quotas from among these found acceptable. Prospective selectees will be notified at least 21 days in advance of their call.

Gross said it has not yet been decided where the new draftees will be sent for their training.

Order Delay Ended
On Bonus Papers

Harrisburg, July 27 (AP)—The State Veterans Bonus bureau has ordered immediate payment of bonus claims previously held up because of unverified periods of service in World War II.

The decision was made by Maj. Gen. Frank A. Oeborn, state adjutant general; Auditor General Weldon B. Heyburn and State Treasurer Charles A. Barber with the approval of Gov. James H. Duff.

The payments will be made at the domestic rate of \$10 a month. If later checks show that some of the service was spent overseas, supplemental payments will be made later, said Weber.

Original discharges and other papers will be returned with the original payment. About 368,500 claims are affected by the decision.

Weber said the decision on partial payment was prompted by what he

termed "the prospect of indefinite delays posed by the Korean war in completing conclusive verification."

OKAY RATE BOOST

Harrisburg, July 26 (AP)—The Philadelphia and Western railroad company, a Philadelphia suburban high speed rail line, was granted permission today to file increased commuter and multiple ticket fares on

one day's notice. The Public Utility commission authorized the boost after it said a study showed the increase would not produce an excessive return to the company.

The U. S. national debt rose from \$60 per person in 1913 to \$1,970 at the end of World War II. It takes several gallons of sap to make a gallon of maple sirup.

ARK HOUR AT AND IN KOREAN GHTING; SHORT N TIME, SPACE

By ELTON C. FAY
(By The Associated Press)
Washington, July 27 (AP)—An-
nouncement that Britain is sending,
other United Nations countries,
send ground troops to Korea
in one of the darkest hours
American military history.

That American military men
now are more combat-ready
— quickly, urgently. How
likely? There are no firm estimates
— but the next two or three
days can be highly critical.
United States Army troops fight-
ing the Red invaders of the Re-
public of Korea do not yet have
enough backs to the wall—but the
situation is getting alarmingly smaller.
The strategy of trading space for
time, they are running low on both
modities.

Need More Manpower
The British government's an-
nouncement that it is sending to
Korea a regular army combat group
including artillery and armor,
which Washington at a time when
American officials were growing in-
creasingly concerned about help
in United Nations members.

Reinforcements from the United
States are on the way—2nd Army
troops, First Marine division
troops—but some Pentagon offi-
cials make it plain that this can't
be enough.

Needed Ready For Action
Pentagon leaders prefer that any
troop units contributed to the
United Nations campaign in Korea
be in organization of not less than
100 men, trained, equipped and
applied for initial fighting. Later,
the Far East command of the United
Nations can provide the supplies,
and it is desired that when ground
troops land in the war zone they
be ready to go into action quickly
with their own equipment and
fight supplies.

The London announcement did
not specify the size of the combat
group to be sent, but it apparently
said to be substantially more than
a 1,000-man minimum. London
dispatches speculated that it
might range from a battalion to a
brigade, from 1,000 to 5,000 men.
There was either held in the office.

including the announcements of

tries, Australia and New Zealand,
that they will send land forces,
Turkey already has offered 4,500
trained combat troops.

Won't Get Holland Force
It is a combat-wise veteran unit
that could be of special value in
Korea if they could be landed there
soon.

The Pentagon looked sadly on the
departure from the eastern hemi-
sphere of Holland's Colonial Army.
Units of the Royal Netherlands
Indies Army were getting ready
yesterday to pull out of Indonesia,
headed for home.

These soldiers have fought for
years, highly skilled at fighting
through rugged, mountainous ter-
rain like Korea. But Lt. Gen. Bur-
man Van Vreden, commander of the
Dutch forces in Indonesia said
division of his troops to Korea was
"out of the question." His soldiers

News Briefs

An advanced U.S. Command Post
in Korea, July 27 (AP)—A U.S. office
said today North Koreans herded
several hundred Korean men, wom-
en and children before them in
Wednesday morning's attack around
Yongdong.

The non-combatants were used as
a shield for four tanks to cross a
bridge, said Maj. William O. With-
erspoon, 519 Grand avenue, South
San Francisco. The Americans with-
held their fire and the tanks got up
to positions for attack.

Washington, July 27 (AP)—Sec-
retary of Defense Johnson said
want to go home after years of
service abroad, he explained.

Wednesday this country's overall
fighting "potential" was greater at
the outbreak of the Korean war
than at any time since America de-
mobilized after World War II.

Striking back at his critics, John-
son added: Between March 1948 and
June 1950 the actual manpower
strength of the Army's mobile strik-
ing force in the continental United
States—the general reserve—has in-
creased by 165 per cent.

Harrisburg, July 27 (AP)—The Gen-
eral State Authority has called for
bids on August 23 for construction
of a new building to house 300
women mental patients at the Nor-
ristown State hospital. The present
50-year-old building has been over-
crowded for several years, the au-
thority said in its announcement
late yesterday.

Reading, Pa., July 27 (AP)—"Witch
hunts" which are intended to seek
out and halt subversive activities
often injure innocent persons, says
Arthur Cornelius, Jr., Philadelphia
district head of the FBI.

Cornelius spoke here Tuesday at
the seventh annual convention of
the Pennsylvania Chiefs of Police
association. He urged the chiefs
from communities throughout the
state to note carefully President
Truman's request that evidence of
sabotage or subversive activities be
reported promptly to the FBI.

Chambersburg, Pa., July 27 (AP)—
The site of an officers' training
school for the Volunteer Medical
Corps Service now being set up by
the U. S. Second Army will be lo-
cated here, it was announced Tuesday.

Tying in closely with civilian defense
setups, the Vol. Med. Corps Service
schools will be operated to prepare

individuals for positions of leader-
ship in the medical service organiza-
tion.

Strawberry Planting And Care

Well rooted strawberry plants may be set out in August for start-
ing a small garden bed. Growers of this fine fruit on a larger scale
should know how to care for established plantings from now until
winter. Prospective growers should prepare soils in late summer
and early fall for early spring planting. In all these tasks, growers
and would-be growers should have a copy of our strawberry plant-
ing and care instructions. Enclose a self-addressed stamped envelope
for your free copy. Of course, include all related questions.
